

ADVANTAGES

- 1—One piece head and handle.
- 2—Head can't fly off or loosen.
- 3—Handle guaranteed unbreakable.
- 4—Comfortable grip of leather washers
- 5—Balance of the thin handle and hollow grip is perfect.
- 6—Saving all time, trouble and expense of loose and broken handles.
- 7—Pull and rip everything.
- 8—Drive with better follow thru, less rebound, less force needed.
- 9—Swing is shorter; strike is surer.
- 10—Temper of each part is the finest.
- 11—Appearance is as distinctive as the quality.
- 12—Using an Estwing makes you a better craftsman.

WHAT USERS SAY

NEW YORK

"My Estwing is the most perfect balanced hammer and most restful on the arm of all I ever used." Harry Simmons, Kingston.

CHICAGO

"I like your hammer very much and my fellow workers have all purchased one or more since they tried mine and they all like them." Emil F. Lich, 2128 Neva Ave.

BOSTON

"I am very pleased with my Estwing hammer. All the other carpenters are struck on it and will soon buy their own." Daniel R. McLeon.

TEXAS

"Yours is the best balanced hammer I ever used. It meets the approval of all who try it." P. H. Viaille, Leveland.

LOS ANGELES

"Estwing is a very good hammer; used it in Imperial Valley in 105° to 115° heat every day for months when all wooden handles become loose and brittle." H. C. Benneth.

ALASKA

"My 'Unbreakable' hammer sure is some tool for this climate." L. J. Van Lehn, Juneau.

PENNSYLVANIA

More of your tools are bought by our boys than any other make. It is usual to see a couple of your hammers and a hatchet in the carpenters' kits." E. Gustafson, Kane.
